

Tomas Keenan is the CEO at Top Class Installations where he is responsible for setting the vision, managing finances, and building the team. On a mission to install 1 million GPS Tracking devices and Dash Cameras by 2025, he is focused on improving efficiency and providing an exceptional customer experience for his clients.

Prior to taking on his role at Top Class Installations, Tomas gained experience in custom car audio fabrication and 12v installation as the 12v Manager at SpeedworldFX in Riverhead, NY.

Tomas is the author of Unf\*ck Your Business: Stop Business Self-sabotage by Getting Clear on Your Core Values NOW. He has been featured in CEO Outlook and Mobile Electronics Magazine several times. Outside the office, Tomas enjoys bow hunting, playing with technology, sharing new experiences with his children, and stretching his comfort zone.
